This product is the variant SA426V-Q-G: cabin, garden tyres.

The tractor has hydrualic transmission.

Don’t be deceived by its dimensions, the Yanmar SA426-Q (Cabin) compact tractor is a tough customer with all the muscle needed for even the toughest applications. The Yanmar SA426-Q tractor is a compact lean machine that packs a punch, making it the ideal choice for demanding duties on larger properties and difficult terrain. The machine’s compact body allows it to work in confined spaces while providing the balance and stability required to give the operator the confidence to make maximum use of its go-anywhere capabilities. Higher ground clearance Compared to the SA222-series the Yanmar SA426-Q has a higher ground clearance and is incredibly stable under tough conditions. The machine is equipped with a larger, more aggressive tyre package. This makes for a tractor with increased ground clearance and greater operational stability over challenging terrain.
