Parameters

Name	Value
Weight	1520 kg
Engine	Perkins 403J-11
Power	25 HP
Number of cylinders	3 pcs
Capacity (kg)	600 kg
Bucket capacity	0.3 m3
Lifting height	2600 mm
Oil flow	36 l/min
Hydraulic pressure	160 bar
Speed	18 KM/H
Wheels	26x12.00-12 .
Length	3398 mm
Width	1140 mm
Height	2370 mm

Description

The Günter Grossmann GG06N is the new generation of the GG06 articulated mini loader, for construction work, farms and municipal services.

A three-cylinder Perkins 403J-11 diesel engine delivers 25 hp with good fuel economy. An Italian PWG hydraulic pump supplies 36 l/min at 16 MPa for the loader arm and attachments.

The GG06N lifts 600 kg up to 2.6 m with a 0.3 m³ bucket and travels at up to 18 km/h. With an operating weight of 1520 kg and a width of 1140 mm it is compact and easy to manoeuvre, and the 26x12.00-12 tyres give good traction on soft ground.

Standard equipment

- 0.3 m³ bucket
- Articulated steering
- Perkins diesel engine

Options

- Pallet fork, 4-in-1 bucket, wood fork
- Auger
- Bale clamp, grass clamp, grass fork, pitchfork
