

GG850C

Mini excavator with cabin 15hp (850 kg)

Item no.: G301-24065

Description

The GG850C pairs the trusted Kubota 15 HP engine with a heated cabin for comfortable all-season operation. At 850 kg, it remains highly transportable while offering professional-grade performance and weather protection. Ideal for contractors and municipal crews who work through winter conditions and need a reliable, compact excavator that keeps the operator warm and productive. The cabin also reduces noise and fatigue during long working days.
