Description

The Boxer PB is a grab bucket (pelican bucket) for loading and moving loose materials such as manure, silage and other agricultural products. Its hydraulically operated top clamp holds the load securely during transport. It is made for compact wheel loaders in agriculture and earthmoving.

The PB 140E has a working width of 140 cm, a capacity of 570 litres and 4 clamp tines. It comes with a Euro quick coupler and weighs 317 kg.
