Description

The SPL10-POLH wood splitter by Ceccato Olindo is a 5.5 honda gx160 5.5 hp honda engine splitter entirely made in Italy. It allows you to work in 4 different positions, vertical, two diagonal and horizontal. The SPL10-POLH has a thrust of 10 tons, allows to split wood logs, even knotty, of variable dimensions up to a maximum height of 57 cm. It is equipped with a high capacity pump that guarantees a powerful thrust and a great working speed. It is also equipped with wheels for moving and an automatic adjustable end of stroke control system. With this professional log splitter the cutting work is simple and safe: the SPL10-POLH is equipped with special safety devices that protect the user.
