Weight	353 kg
Max tree diameter	10 cm
Blade	4 pcs
Opposite blade	2 pcs
Mincing blade	24 pcs
Dimensions	1800 x 1500 x 1970 mm
Tunnel entrance	620 x 520 cm
Drivegear	tractor PTO

Description

TRITONE MONSTER P.T.O. is a professional cardan driven biochipper, suitable for shredding large quantities of vegetable waste; it is an entirely Italian product and is equipped with a large loading hopper to facilitate the insertion of branched vegetable waste. The hopper is foldable to limit the encumbrance in road transport or when it is put to rest. The woodchips discharge outlet can be rotated 360° and has a height of about two metres. It has a three-point hitch for the tractor, a gearbox with cardan shaft coupling and a very large cutting mass of 690 mm in diameter, with four main knives and 24 chopping hammers inside. The transmission between the gearbox and the cutting mass is carried out by means of two belts. It is also equipped with two counter-blades to obtain an excellent cut. It is equipped with two pneumatic wheels. The Tritone Monster P.T.O. complies with CE regulations on safety at work. It needs a minimum 30 HP tractor to be operated.
