Description

The GG04 is a compact articulated loader with 400 kg capacity, powered by a Briggs & Stratton 17 kW gasoline engine. At only 800 kg, it navigates extremely narrow spaces while offering versatile attachment options including bucket, pallet forks, sweeper, auger, snow plow, and grapple. Built for small contractors, hobby farmers, and property owners who need an affordable, maneuverable machine for everyday loading, clearing, and material handling tasks.
