Opposite blade	2 pcs
Mincing blade	24 pcs
Dimensions	2800 x 1200 x 1970 mm
Tunnel entrance	560 x 960 cm
Drivegear	gasoline engine

Description

TRITONE SUPER MONSTER CARRELLATO is a professional combustion engine driven biochipper, equipped with a roller for the automatic driving of the branch, managed by an hydraulic pump. It is an entirely Italian product and is equipped with a large loading hopper to facilitate the insertion of branched vegetable waste. The hopper is foldable in order to limit the encumbrance in road transport or when it is put to rest. The woodchips discharge outlet can be rotated 360° and has a height of about two metres. It has an electronic start system.
