Ground clearance	351 mm

Description

The GG09T is an articulated loader with telescopic arm reaching 3448 mm, powered by a Kubota V1505 Euro 5 engine (18.2 kW) with enclosed cabin. At 2560 kg with 900 kg capacity and 0.4 m³ bucket, it combines compact maneuverability with impressive reach. The hydrostatic drive ensures smooth operation. Built for professionals who regularly load high-sided trucks, stack pallets, or work at height in construction, agriculture, and warehousing.
