Parameters

Name	Value
Working width	1500 mm
Number of leveling elements	14 pcs
CAT	1
Weight	120 kg

Description

The Boxer WS meadow drag keeps grassland in top condition: it levels molehills, spreads manure and loosens the sward, and it can also be used to level riding arenas. The painted tube frame with rounded corners carries three rows of cast-iron harrow stars.

The WS 150 has a working width of 150 cm with 14 harrow stars. It fits a Cat. 1 three-point linkage and weighs 120 kg.
