Weight	2800 kg
Turning circle	4600 mm
Lifting height	4131 mm
Length	4600 mm
Height	2400 mm
Width	1550 mm

Description

The GG010T features a telescopic arm reaching 4131 mm, powered by a Yunnei Euro 5 engine (25 HP) with 4x4 drive. At 2800 kg with 1000 kg capacity and enclosed cabin, it delivers impressive reach for stacking, truck loading, and overhead work. The extended working range opens up possibilities that standard loaders can't match. Ideal for farms, warehouses, and construction sites where height and reach are as important as raw lifting power.
