Front tire	16/70-20
Rear tire	16/70-20
Bucket capacity	1 m3
Max speed forward	20 km/h
Wheelbase	1550 cm
Length	6540 mm
Width	2100 mm
Height	2670 mm

Description

The GG2500T combines 2500 kg capacity with telescopic reach to 4500 mm, powered by a Yunnei Euro 5 75 HP engine. At 5500 kg with 1.0 m³ bucket, 90 L/min hydraulic flow, and 20 km/h speed, it's the largest telescopic loader in the range. The 45° steering angle ensures surprising maneuverability for its size. Ideal for large construction firms, industrial operations, and commercial farms needing maximum lifting power and height in one machine.
