Drive train	4WD / Manual Transmission WD
Turning circle	4000 mm
Tractor Power	50 HP
Weight	2295 kg
Width	1470 mm
Length	3150 mm
Lifting capacity	1100 Kg
CAT	II
RPM	540/1000 rpm

Description

The **KNEGT 504G3E 65HP Electric** is a modern, high-performance electric tractor designed for professional agricultural and municipal work. Its **33.6 kWh lithium battery** provides 3–4 hours of operating time, while the **65 HP Benevelli electric motor** ensures quiet, emission-free operation. The **4WD drivetrain**, manual transmission, and **400 cm turning radius** offer excellent maneuverability. With a **2295 kg weight**, the tractor remains stable even under heavy loads. The **1100 kg lifting capacity** and Category 2 three-point hitch allow the use of demanding implements. The **540/1000 PTO** delivers flexible power output in fully electric operation.
