| Drive train              | 4WD / Manual Transmission WD |
| Tractor Power            | 50 HP                        |
| Turning circle           | 4000 mm                      |
| Weight                   | 2358 kg                      |
| Width                    | 1470 mm                      |
| Length                   | 3150 mm                      |
| Lifting capacity         | 1100 Kg                      |
| RPM                      | 540/1000 rpm                 |

### Description

The **KNEGT 504G3E 65HP Electric** is a high-performance electric tractor designed for professional agricultural and municipal applications. Its **67.2 kWh, 700 Ah lithium battery** provides 7-9 hours of runtime, while the **55 HP Benevelli electric motor** delivers quiet, emission-free operation. The **4WD drivetrain**, manual transmission, and **400 cm turning radius** ensure excellent maneuverability. With a **2358 kg weight**, the tractor offers strong stability, and the **1100 kg lifting capacity** with a Category 2 three-point hitch supports heavy implements. The **540/1000 PTO** provides flexible power output for various attachments.
