Digging depth	1650 mm
Working height	2610 mm
Working radius	2890 mm
Length	2770 mm
Width	930 mm
Height	2100 mm

Description

The GG1050J upgrades the GG1050 with intuitive joystick controls for smoother, more precise operation. At 1000 kg with a Koop 192F engine (7.2 kW), movable arm, and expandable tracks, it offers a modern operating experience at a competitive price. Perfect for operators who prefer joystick handling over traditional levers, especially those transitioning from larger machines. A smart choice for rental fleets seeking operator-friendly controls that reduce training time.
