Width	1588 mm

Description

The GG613S is a compact telehandler with 1200 kg capacity and 4010 mm lifting height, powered by a Perkins Euro 5 25 HP engine. At 2800 kg with joystick control, self-leveling, quick hitch, and 4x4 hydraulic drive, it offers precision handling in a maneuverable package. The Zaneda working pump and PWG travel pump deliver smooth, responsive operation. Ideal for farms, small construction sites, and warehouses needing telescopic versatility in tight spaces.
