## Description

The Günter Grossmann GG2500TO is a 5.5 t telescopic wheel loader with an open cab, built for heavy material handling on construction sites and farms.

The GG2500TO lifts 2500 kg with the boom retracted and 800–1000 kg with the boom extended, up to a height of 4500 mm. The standard bucket holds 1.0 m³, the top speed is 20 km/h, and the 2550 mm wheelbase keeps the machine stable on 16/70-20 tyres.
