Description

Order now and get a gratis cardan shaft!

The extra heavy built Alpha M Grizzly is ideal in semi forestry conditions. Equipped with all options such as belt tensioner, hydraulic mulch doors and side shift. It is one of the most convenient machine for heavy all around use from stubblefields and overgrown fields. The cold forged serrated hammers can cut up to 10 cm wood as well as dense weed fields. The main shaft is equipped with SKF bearings and is very strong and resistant to bumps and small obstacles. The hydraulic operated doors allow an easy and comfortable switch from mulching to mowing with a higher working speed.
