Parameters

Name	Value
Weight	470 kg
Hammer PCs	30 pcs
Working width	2400 mm
Minimum HP	60 hp
CAT	I, II
V-Belts	4 pcs
Rotor Diameter	114 mm
Total diameter	354 mm
Sideshift movement to the left	1000 mm
Sideshift movement to the right	1400 mm
Minimum Left side move	1200 mm
Minimum Right side move	1200 mm
RPM	540 rpm

Description

Description: Used straw crusher/mulcher Year of manufacture: 2025 Offer conditions and viewing: The equipment can be viewed and tested at our premises at a pre-arranged time. Being a used machine, the price refers to the current aesthetic condition, which can be seen in the pictures. The machine is technically fully operational and can be put to work immediately, however, signs of regular use (surface paint wear, scratches on the frame structure, and traces of gravel impact in the crushing chamber) are visible on it. These aesthetic defects do not affect the structural integrity and excellent performance of the machine. The machine is sold with all factory equipment, parts and accessories. Vibrometer results measured on the machine body: left / middle / right: 0.6 / 7.8 / 0.8 cm/sec Specifications of a new, factory-made machine: - Working width: 240 cm - Horsepower requirement: 60 HP - Cat.I and II. 3-point connection - Can be operated with a 540 rpm PTO drive - Weight: 470 kg - Hammers: 40 pcs (700 g/pc) which are arranged in 2 rows, in a spiral shape - Belt: 4 pcs - Hydraulic side movement (200-200 mm) - Manually openable rear door - Equipped with SKF bearings - Adjustable height cylinder and skids - Extra reinforcements, reinforcements and material thickness characterize the machine - Max cutting diameter 4-6 cm
