Weight	630 kg
RPM	540 rpm
Hammer PCs	20 pcs
V-Belts	5 pcs
Max tree diameter	7-8 cm
Sideshift movement to the left	400 mm
CAT	II

Description

Description: Used stalk crusher/mulcher Year of manufacture: 2021 5 V-belt drives 2 door version Offer conditions and viewing: The equipment can be viewed and tested at our premises at a pre-arranged time. Being a used machine, the price refers to the current aesthetic condition, which can be seen in the pictures. The machine is technically fully operational and can be put to work immediately, however, signs of regular use (surface paint wear, scratches on the frame structure, and traces of gravel impact in the crushing chamber) are visible on it. These aesthetic defects do not affect the structural integrity and excellent performance of the machine. The following equipment / parts / components are missing from the machine: - Door opening cylinder set (hydraulic) - 2 rear doors Vibrometer result measured on the machine body: left / middle / right: 2.0 / 11.1 / 6.3 cm/sec Specifications of a new, factory machine: - Working width: 260 cm - Horsepower requirement: 70 hp - Cat. II. 3-point connection - Can be operated with a 540 rpm PTO drive - Weight: 630 kg - Hammers: 24 pcs (1650 g/pc) which are arranged in 2 rows, in a spiral shape - Special "bear's paw" shaped toothed hammers which are made by cold forging (extra strong) - Belt: 5 pcs - Hydraulic side movement (400 mm) - 2 hydraulically opening rear doors - Equipped with SKF bearings - Adjustable height cylinder and sliding feet - Extra reinforcements, reinforcements and material thickness characterize the machine - Extra strong Comer drive housing - Max cutting diameter 6-9 cm
