Weight	630 kg
RPM	540 rpm
Hammer PCs	20 pcs
CAT	II
V-Belts	5 pcs
Max tree diameter	7-8 cm
Sideshift movement to the left	400 mm

### Description

An excellent opportunity for medium and large-scale farms! We are offering a **used, inspected, and job-ready** AARDENBURG Alpha M 2600 Grizzly horizontal axis flail mower/mulcher.

This heavy-duty machine is exceptionally robust in its class, making it perfect for clearing overgrown grass, weed management, brush cutting, and—thanks to its heavy-forged hammers—light forestry work, including mulching woody vegetation up to 7-8 cm in diameter.

### Technical Specifications & Key Features:

- **Machine Condition:** Used, structurally and mechanically inspected, in fully operational condition
- **Make / Model:** AARDENBURG Alpha M 2600 Grizzly
- **Working Width:** 2600 mm (2.6 meters)
- **Total Width:** approx. 2860 mm
- **Machine Weight:** approx. 610 kg
- **Power Take-Off (PTO):** 540 RPM
- **Number of Drive Belts:** 5 with an automatic belt tensioner system
- **Cutting System:** 1.6 kg specialized, heavy-duty drop-forged hammers (20 hammers on the rotor)
- **Bearings:** High-resistance rotor shaft mounted on premium quality SKF bearings
- **Side Shift:** Hydraulic side shift (40 cm of travel for working outside the tractor's track)
- **Material Flow Control:** Hydraulically openable/closable rear hood (allowing easy adjustment of travel speed and mulching fineness)
- **Maximum Branch/Wood Diameter:** 7-8 cm
- **Power Requirement:** Minimum 70-80 HP (depending on tractor weight and terrain conditions)

- **Hitch Type:** Standard Category II 3-point hitch

**Advantages of This Used Machine:**

**Immediate Availability:** No factory lead or shipping times; the machine can be picked up from our yard and put to work immediately.
