Description

Aardenburg Reciprocating Mower - 1800 / 1900 mm

Professional reciprocating mower with hydraulic drive, Cassappa hydromotor and freewheel protection. The 1800 or 1900 mm working width ensures fast and precise work, and the design that can be fitted to the 3in1 tool carrier frame makes it versatile.

- 1800 / 1900 mm working width
- Hydraulic drive with Cassappa hydromotor, orbit motor
- Freewheel drive protection
- 3in1 frame compatible
- High Aardenburg quality

Recommended for farmers, public land managers, equestrian centers and professional contractors.
