Weight	74 kg
Length	1910 mm
Width	700 mm
Height	990 mm
Working height	50-100 mm
Engine size	165 cm3

Description

The product is classified as **demo**/used/out of stock. The machine has been inspected and is in working order, aesthetic differences from a New machine may occur.

The AS 63 2T ES high grass mower is strong, agile, and maneuverable, easily handling grass up to 100 cm high. The front planetary wheels provide easy control, making it ideal for flat, obstacle-filled terrain. The two-stroke engine operates on slopes up to 45 degrees, with lubrication independent of the engine's position, preventing engine damage. The EasyStart function and CDI digital ignition system facilitate starting. The cross-blade system reliably cuts and shreds grass at a cutting height of 50-100 mm. The AS 63 2T ES is easily transportable, foldable to a compact size, and fits in a station wagon.
