Description

Professional blowers with swivel exhaust

Blowers with high capacity of exhaust air flow rate and with great work performance; perfect for cleaning parks, sports fields, golf courses, large areas and the like. 180° rotation, by means of a hydraulic motor, of the outlet air to clean right, left and front with a simple movement of the tractor. Tilt the exhaust downwards or upwards by 15°. to improve the quality of work. Practicality to transform the vacuum blower. supplied complete with cardan shaft.

Front or rear application.
