Description

The Kubota B1121 is a new 2023 compact tractor that is ideal for small agricultural, plantation and municipal work. Key features include a 2-cylinder, 12hp diesel engine that puts out 9.1 horsepower on the TLT. The tractor has permanent all-wheel drive and offers 6 forward and 2 reverse gears, split into two ranges.

The machine is also equipped with a switchable differential lock, 540 rpm TLT, and Cat I. hitch arms with a lifting capacity of 430 kg. A seat with seat belt and telescopic roll cage add to safety and functionality. Convenience features include a tilt steering column, adjustable spring seat and multi-function dashboard to make working easier.
