Description

Expand the capabilities of your Jansen® Compact Loader KL-200 with our optional attachments, specially designed to maximize your work efficiency:
BALE SPIKE
Optimize the use of your Jansen® KL-200 Compact Loader with our high-quality bale spike. This attachment is specifically designed for the safe transport of small round or square bales. Thanks to its robust construction and precise craftsmanship, the bale spike ensures stable and reliable handling of bales, regardless of the terrain. With easy installation and excellent compatibility with your compact loader, it’s the ideal solution for agriculture and horticulture. Enhance your efficiency and safety when transporting bales – the bale spike is your essential partner!
