Sideshift movement to the right	3850 mm
Minimum Left side move	2042 mm
Minimum Right side move	2660 mm
Max tree diameter	8-9 cm

Description

Order now and get a gratis cardan shaft!

Fast and powerful. For the professional with large overgrown areas and little time. Double-walled construction for extra resistance to damage from stones and sandblasting. Cold forged heavy hammers and hydraulically operated mulching doors allow for high production output. Highly suited for vigorous maintenance of sloping grounds and vertical vegetation by farmers, growers, contractors and municipalities.
