|-------------------|---------|
| Power             | 100 HP  |
| Max tree diameter | 30 cm   |
| Weight            | 4100 kg |

### Description

The Greentec Cheetah 30 Track is a crawler-mounted wood chipper, designed for conditions where soil traction is challenging or mobility is critical. With robust construction and solid performance, it's a premium choice for forestry and agricultural operations.

### Key Features & Specifications:

Maximum log diameter: 30 cm  
 Feedable chip size: 12-22 mm  
 Infeed opening: 300 x 580 mm  
 Feed channel: 300 x 320 mm  
 Chipper disc: Ø 960 x 58 mm  
 Number of knives: 2 rotor knives  
 Max disc speed: 750 rpm  
 Infeed speed: ~0.6 m/s  
 Throughput: up to 40 m<sup>3</sup>/h  
 Track drive: 2,000 mm track length, 300 mm wide rubber tracks; 5-speed with integrated negative brake  
 Hydraulic cooling: has its own cooling system  
 Combination hand-feed and crane-feed entry, hydraulically liftable

**Options:** crane infeed hopper, hydraulic discharge chute (rotatable, adjustable), remote control, feed in/out control, winch, etc.

The Cheetah 30 Track combines tracked mobility with high performance. Its powerful drive and sturdy build enable it to operate in challenging terrain. Easy maintenance, quick knife replacement, and tough construction ensure high uptime and durability.
