

Metal Technik Crocodile 1200-1**Crocodile 1200 mm, 1 cylinder****Description****Metal-Technik Crocodile One Cylinder**

One of the most popular attachments for front loaders.

Durable and solid construction will ensure long and safe use.

The use of high-quality, high-power cylinders, rear wall and very durable teeth will ensure proper compression of the transported material and minimize losses related to material loss.

Designed for the transport of agricultural products such as: maize, manure, etc.

As standard – euroframe mount

Possibility of making mounts, e.g. for telehandlers

Available widths: 1200 mm and 1500 mm
