Description

This light-duty forestry mulcher is designed for low-horsepower tractors and is ideal for clearing brush, shrubs, and tree trunks. It is also suitable for wood shredding, landscaping, and agricultural applications.

The machine features a compact yet robust frame made of high-tensile steel, ensuring durability and resistance under demanding conditions. It is equipped with comprehensive safety protections for the operator and offers easy maintenance access.

Key Features:

- Built-in freewheel in the gearbox
- Toothed SPBX transmission belts
- Hydraulic rear door
- Fixed WIDIA-tipped hammers for effective shredding
- Wear-resistant steel skid shoes with adjustable working depth
- Category I, II, III-point hitch

The frame is constructed with HARDOX high-tensile steel, known for its exceptional resistance to wear and impact, making this mulcher a durable and efficient solution for forestry and agricultural needs.
