Description

For trunks up to Ø15 cm

This light-duty forestry mulcher is designed for low-horsepower tractors and is ideal for clearing brush, shrubs, and tree trunks up to 15 cm in diameter. It is also suitable for wood shredding, landscaping, and agricultural applications.

The machine features a compact yet robust frame made of high-tensile steel, ensuring durability and resistance under demanding conditions. It is equipped with comprehensive safety protections for the operator and offers easy maintenance access.

Key Features:

- Built-in freewheel in the gearbox
- Toothed SPBX transmission belts
- Hydraulic rear door
- Fixed WIDIA-tipped hammers for effective shredding
- Wear-resistant steel skid shoes with adjustable working depth
- Category I, II, III-point hitch

The frame is constructed with HARDOX high-tensile steel, known for its exceptional resistance to wear and impact, making this mulcher a durable and efficient solution for forestry and agricultural needs.
