Weight	760 kg
Max tree diameter	15 cm
Excavator weight	6 – 13 t
Drive	Hydraulic piston motor .

Description

The Boxer EFM is a robust, powerful forestry mulcher for excavators of 6 to 13 tonnes. Driven hydraulically by a strong piston motor, it clears shrubs, undergrowth, brushwood and small trees in forestry, landscaping and land management. The heavy rotor with fixed teeth and the solid construction give a long service life and reliable performance in tough conditions.

The EFM 1000 has a working width of 100 cm, handles wood up to 15 cm in diameter and weighs 760 kg.
