Parameters

Name	Value
Lifting height	4500 mm

Description

The **Eurotrac FE30-LT** is a premium-class electric forklift, optimized for a **lifting capacity of 3 tons** and a **maximum lifting height of 4.5 meters**. Its high-performance **76.8 V / 280Ah LFP battery** ensures long operation time and quick recharge, thanks to the built-in charger, optional external charging connection, and regenerative braking system.

The **3-stage triplex mast** with **free lift** offers excellent visibility for the operator, while the **1,200 mm forks** and **side-shift functionality** provide high precision during material handling. An **additional hydraulic valve** further enhances the forklift's flexibility when using various attachments.

Specifications:

Lifting capacity: 3,000 kg

Max. lifting height: 4,500 mm with triplex mast

Battery: 76.8 V / 280Ah lithium (LFP)

Mast: Triplex with free lift

Forks: 1,200 mm long, with side-shift

Extra hydraulic valve: For an additional function

Tires: Heavy-duty, suitable for indoor and outdoor use
