Parameters

Name	Unit
Weight	520 kg
Working width	14 mm
RPM	540 rpm
CAT	II
Digging depth	450 mm

Description

The Boxer FG110 is a robust machine for use on heavy soils. Because of the long heavy frame, the machine fits perfectly behind the heavier tractors. The large wheel of 110 cm and the large blade setting gives this cutter a large capacity.

Comes complete with PTO.

Max. 3000 m/h

Comes in a kit (assembly time 1 hour).
