| Swath width | 140 cm |

## Description

DKF rotary disc mowers are rear-mounted mowers designed for cutting all types of grass and forage plants, mowing areas alongside roads and for public utility works.
This type of mower is equipped with powerful cutter bars with gear transmission, highly reliable even during intense operation. They are also suitable for operation under difficult conditions, such as: flattened and tangled grass, damp terrain, terrains with molehills, slopes, during moderate rainfall, etc.
