Fuel	Diesel .
Manual engine starting	Yes .
Wheels	♦ Tyre with rim (outer and inner tube), ♦ Tyre size 3.50" x 8" .

Description

FPM 407 motor mowers are designed for mowing of all types of grass, forage plants, medicinal herbs and grains, and are particularly suitable for use in mountainous terrain, inaccessible for tractor machinery. They are equipped with a gearbox that has one speed for moving forward and one for reverse. In addition to mowing, they can also be used for hay raking, irrigation and snow removal.
