Parameters

Name	Unit
Weight	2200 kg
Lifting capacity	2200 Kg
Lifting height	2450 mm

Description

The electric mini loader G2200E X-TRA has a lifting capacity of 2,200 kg, a lift height of 2.45 meters, and is specially developed for extremely heavy-duty work and tasks in construction and earthmoving. The wheel loader combines the best of both worlds with the advantages of an articulated loader and virtually silent operation with no emissions. Therefore, the G2200E X-TRA is ideal for working in buildings or on construction sites in urban areas.

Service weight: 2200 kg

Lifting capacity: 2200 kg

Tipping Load: 2054 kg

Lifting height: 2450 mm

Length without bucket: 3054 mm

Machine height: 2300 mm

Width on standard tires: 1080 mm

Standard tires: 10.0/75x15.3 AS

Travel Speed: 0-18 km/h

Electric motor: 6,5 kW

Energy recuperation: Machine recuperates energy when it rolls out or drives downhill

Type: Electric four wheel drive with cardan shaft

Differential: Axles with limited slip

Pulling force: 12500 N

Hill-Hold control: Automatic brake prevents rolling back on a slope

Parking brake: Drum brakes
