Parameters

Name	Unit
Weight	1036 kg
Engine	25 HP
Engine	Kubota D902
Types	Diesel .
Fuel Tank volume	23 L
Lifting capacity	576 Kg
Lifting height	2030 mm
Oil Tank capacity	41 L

Description

TOBROCO-GIANT's skid steer is also known as the "hop-on-hop-off machine". It has all the features that are important for the user to carry out work as efficiently, safely and productively as possible. The skid on tracks has more traction than the wheeled skid and it distributes the pressure on the ground better. The machine's tipping point has been changed, which increases the tipping load and makes it a more powerful compact machine.

Service weight: 1036 kg

Tipping Load: 829 kg

Engine power: 25 hp

Length without bucket: 1675 mm

Standard rubber tracks: Tracks 180

Engine: Kubota D902

Fuel tank capacity: 23 L

Type: Diesel

Lifting capacity: 576 kg

Lifting height: 2030 mm

Width on standard tires: 900 mm

Travel Speed: 0-6 km/h

Cylinders: 3

Engine power (kW): 17,5 kW

Oil tank capacity: 41 L

Final drive: 2 zware Parker wielmotoren
