

Giant GS950TE

Skid Steer loader 22hp

Parameters

Name	Unit
Weight	1125 kg
Lifting capacity	620 Kg
Lifting height	2100 mm
Engine	22 HP

Description

The GS950TE is the first tracked electric skid-steer loader. The skid is built on the same proven platform as its internal combustion engine counterpart, delivering the same robust performance and durability users have come to expect. Weighing 1,020 kg, the GS950TE offers extra traction and buoyancy. This reduces soil compaction. The model is also equipped with a Boost mode, allowing it to reach speeds of up to 6 km/u.

Service weight: 1125 kg

Lifting capacity: 620 kg

Tipping Load: 1020 kg

Lifting height: 2100 mm

Length without bucket: 1371 mm

Width on standard rubber tracks: 900 mm

Standard rubber tracks: Tracks 180 (width 90 cm)

Travel Speed: 0-6 km/h

Battery: LFP-battery (Lithium-ijzerfosfaat) 11,6 kWh / 228 Ah / 48V

Electric motor: Permanent magnet motor kW

Engine power: 22 hp

Engine power (kW): 16,7

Final drive: 2 heavy wheel engines

Working hydraulics: 38 L/min (180 bar)
