Parameters

Name	Value
Weight	140 kg
max. cutting diameter	20-90 mm

Description

his 15 HP garden/wood shredder from Jansen is a powerful and efficient machine that helps you quickly and easily shred your garden waste and branch materials. With its robust 15 HP engine, this shredder offers impressive performance to effortlessly tackle even the most demanding tasks.

POWERFUL AND EFFICIENT. The upper, large hopper is suitable for bushy shredding material with a branch thickness of up to 2-3 cm (depending on the type of wood). This material is largely automatically fed in and shredded with 24 freely swinging, specially hardened hammer blades (mounted on 4 rotating axles). The hammer blades are sharpened in blade form on the sides.

The side hopper is suitable for larger branches with a thickness of up to 9 cm. These are shredded with a cutting mechanism.

PRACTICAL AND THOUGHTFUL

Powerful 15 HP Loncin motor with recoil starter

Centrifugal clutch

2 filling hoppers for different shredding materials

Towing handle with hitch attachment

TECHNICAL DATA:

4-stroke engine OHV, 420 cc, 15 HP, Loncin

Fuel: Regular gasoline

Starter: Recoil starter

Centrifugal clutch

Solid rubber wheels

Number of V-belts: 1 piece

max. cutting diameter: 20-90 mm

Total weight (dry): approx. 140 kg

Assembled dimensions: 160x120x140 cm (LxWxH)

Packaging dimensions: 162x63x62 cm (LxWxH)

Packaging weight: approx. 165 kg
