Parameters

Name	Value
Weight	747 kg
Dimensions	4000x1800x1600 mm
Consumption	1.0 - 1.2 l/hr
Tank capacity	6.6 L

Description

The JANSEN® HS-40L55-XXL log splitter is the ultimate solution for efficient and effortless wood splitting for professionals. With its tremendous hydraulic power and impressive 40-ton splitting force, it sets the standard for reliability and performance.

WHAT SETS IT APART?

Maximum splitting force

Powerful engine

Uncompromising hydraulics

Mobility

Hydraulic splitting wedge

Log lifter

Work table

FACTS THAT SPEAK FOR THEMSELVES!

With an impressive maximum splitting force of 40 tons, this log splitter effortlessly handles even the toughest wood ranging from 200-550 mm in length and 150-400 mm in diameter. Powered by a robust 13.5 HP Briggs & Stratton gasoline engine with 420 cc displacement, it ensures reliable performance and long lifespan. The maximum hydraulic pressure of 240 bar ensures consistent and powerful splitting performance.

Weighing approximately 747 kg, this log splitter is surprisingly mobile. With its sturdy chassis and stable hitch, the log splitter can be easily attached to tractors or other vehicles and moved from A to B. Maximum flexibility is guaranteed. The hydraulically adjustable splitting wedge allows for quick adaptation to different wood sizes and shapes. The hydraulic log lifter makes loading the log splitter easier, enhancing user comfort. A large work table provides ample space for the split wood, increasing efficiency and safety.

TECHNICAL SPECIFICATIONS:

Petrol Engine: 4-stroke engine, Briggs & Stratton, 420 cc, 13.5 HP, 10 kW

Fuel: Regular petrol

Fuel tank capacity: 6.6 liters

Consumption: approx. 1.0 - 1.2 l/hr

Starter: Recoil starter

Splitting force: 40 tons (measured value)

Max. splitting length: 55 cm

Towing speed: max. 25 km/h (towing eye)

Nose weight: approx. 180 kg

Cylinder speed for one forward stroke: approx. 8 sec.

Cylinder speed for one reverse stroke: approx. 7 sec.

Cylinder diameter: 140 mm, piston rod = 60 mm

Splitting wedge: hydraulically height-adjustable

Dimensions assembled (transport position): 400x180x210 cm (LxWxH)

Dimensions assembled (working position): 400x180x160 cm (LxWxH)

Weight: approx. 747 kg

Dimensions packed: 223x131x83 cm (LxWxH)

Weight including packaging: approx. 823 kg
