Description

All of our saws have been designed with offset blades in order to avoid the branches getting jammed, thus enabling you a relative high speed of work.The HS2300 is very efficient cutting heavy hedges and shelterbelts with branches up to 250mm in diameter. The HS2300 saw is equipped with 3x Ø800mm sawblades and it is compatible with most of our loader-frames and reach arms to be mounted onto loaders, tractors, telescopic handlers or excavators.
