Description

COM bed mats for free-standing barns. Advantages of JFC COMFORT sleeping mats. They reduce the risk of mastitis and infertility. They reduce joint defect (swelling of the knee tendons). They reduce the consumption of litter up to 80%. They increase the efficiency and quality of the obtained milk. They reduce labor costs. They are an excellent insulating base for lairs. It is possible to order mats with an antibacterial additive that inhibit the growth of bacteria and improve the health of the udder.
