Description

BALL HEAD ATTACHMENT

The K50 ball head attachment is a robust and simple solution for transporting your trailer, log splitter, or other equipment. It is specifically designed for the Jansen® compact loader KL-200 and provides a secure mounting. Made of high-quality steel, it ensures a long lifespan and high load capacity. With its standardized design, it is compatible with common K50 systems and easy to mount. Ideal for use in agriculture, construction, and transport.

TECHNICAL DATA:

Only compatible with Jansen KL-200 compact loader

Packaging dimensions: 35x24x28 cm (LxWxH)

Total weight: approx. 13 kg

Shipping weight: approx. 15 kg
