Parameters

Name	Value
Digging depth	max 1308 mm
Working speed	1.6 km/h
Tank volume	6.8 L
Displacement	277cm °

Description

Experience the ideal solution for your smaller earthworks with the JANSEN® MB-800 mini excavator. This powerful mini excavator is equipped with a reliable gasoline engine and offers the perfect combination of compactness and performance for versatile applications on construction sites, in gardens, and for renovation projects.

COMPACT. POWERFUL. VERSATILE. With its compact design, the JANSEN® MB-800 is ideal for tight and hard-to-reach areas. The narrow construction allows for easy maneuverability, while the solid build ensures stability and durability. Perfect for work in small gardens, narrow passages, or densely built areas. The MB-800 mini excavator is designed for a variety of earthworks, from excavation and digging to landscaping and foundation preparation. The easily interchangeable attachments expand its functionality, allowing for different tasks such as digging, lifting, and leveling. Additionally, it is easy to operate thanks to intuitive controls. The ergonomically designed controls provide comfort and control, while the clear maintenance points facilitate service and upkeep.

TECHNICAL SPECIFICATIONS:

Gasoline engine, Kohler CH395 (9.5 HP)

Displacement: 277 cm³

Emission standard: EPA Phase 3/Euro 5

Tank volume: 6.8 l

Oil volume: 1.1 l

Working speed: 1.6 km/h

Max. climb angle: 25°

Ground pressure: 4 PSI

Operating weight: approx. 790 kg

Bucket digging force: approx. 700 kg

Arm digging force: approx. 480 kg

Track material: rubber

Track width: 150 mm

Track gauge: 580 mm

Chassis width: 730 mm

Minimum ground clearance: 137 mm

Loading capacity (2,1 m extension of arm): approx. 145 kg (dozer blade down)

Loading capacity (2,1 m extension of arm): approx. 130 kg (dozer blade up)

Max. digging height: 2266 mm

Maximum dumping height: 1522 mm

Max. digging depth: 1308 mm

Max. digging reach: 2590 mm

Min. turning radius: 1276 mm

Max. lift of dozer blade: 175 mm

Max. drop of dozer blade: 189 mm

Dimensions with roll bar: approx. 210x76x230 cm (LxWxH)

Dimensions without roll bar: approx. 210x76x158 cm (LxWxH)

Dimensions (transport): approx. 211x80x158 cm (LxWxH)

Weight (transport): approx. 913 kg

The JANSEN® MB-800 mini excavator with gasoline engine is the optimal choice for anyone seeking a reliable and versatile machine for precise earthworks.

Benefit from the proven quality and performance of JANSEN® and make your projects more efficient and effective.

ADDITIONAL FEATURES:

Complete set: incl. 150 mm, 250 mm, and 500 mm digging buckets

High-quality and robust construction

Easy handling

Transportable on a trailer or in a van

Can pass through narrow areas (excavator is max. 760 mm wide)

Additional attachments available: thumb bucket, rake, swing bucket

Powerful double gear pump

All grease points easily accessible

Electric starter: 12 volts

Battery status indicator

Swivel radius: 360°

Additional hydraulic circuit on the arm for e.g. JANSEN® HBG-1500 earth auger

LED lighting on the arm
