Description

The Jansen MGT-600E is a 15 horsepower, single-axle tractor designed for a variety of agricultural and horticultural tasks. Powered by a 4-stroke gasoline engine, this machine provides the necessary power for various jobs. The tractor features three forward and three reverse gears, allowing it to easily adapt to different working conditions. Its large, off-road tires ensure excellent traction, making it particularly useful on challenging terrains. The Jansen MGT-600E is compatible with a range of attachments, such as plows, mowers, and snow blowers, making it versatile for everyday tasks.
