Description

The MOLARIS fixed hammer forestry shredder is a machine with outstanding cutting performance, recommended for all types of brush cutting and forestry work. Its powerful performance allows you to shred material up to 45 cm in diameter. The rear door is adjustable to obtain different shredding results. It is possible to replace standard and fixed hammer rotors without having to replace the entire machine. The efficient design and the spiral arrangement of the hammers improve the shredding results. This machine can be an excellent choice for those looking for a powerful and versatile forestry crusher.
