Description

Introducing our 55 cm mower and motocultivator coupling attachment! Coupled frontally to any mower or motocultivator, it offers easy maneuverability. With swinging blades in hardened steel, it ensures durability and quick replacement. Adjust the working height effortlessly with skids or wheel application. Safety features include a free-wheel mechanism and CE standards protections. Sandblasting and oven powder coating provide a resilient finish. Backed by a 2-year warranty, it's the perfect upgrade for efficient gardening and landscaping. Two free-blades mower, offers optimal support for the maintenance of fields, gardens and parks free from stones and branches. The two two thick blades grant a fine and even cut.
