Description

The YTO NLY1154 tractor is equipped with a 115 hp, 4-cylinder Stage-V diesel engine, which provides powerful and reliable performance.
It has 12 forward and 12 reverse gears to suit different working conditions.
It has selectable all-wheel drive and differential lock.
The machine is equipped with an electro-hydraulic TLT control, which facilitates the handling of the working tools.
The product is equipped with an air-conditioned and heated cab, allowing comfortable working during long working days and in all weather conditions.
This model is a good choice for those who need a powerful, reliable and heavy-duty tractor for agricultural work and want to work in comfort.
