Description

The YTO NMF554C tractor is equipped with a 55 hp, 4-cylinder, turbocharged DOOSAN Stage-V diesel engine. The machine has 12 forward and 12 reverse gears to suit different working conditions. It has selectable all-wheel drive and differential lock. The machine is equipped with electro-hydraulic TLT control, which facilitates the handling of the working tools. The tractor is equipped with an air-conditioned and heated cab, allowing comfortable working even during long working days. It can be an ideal choice for agricultural businesses that want a reliable, powerful and versatile machine for farming and other heavy-duty work. The modern engine and comfortable cab ensure that work is efficient and comfortable in all conditions.
